CONSULTATION – DR. SPIEGEL

FINANCIAL DISCLOSURE

Primary care physicians often request a consultation visit of their patients with Dr. Spiegel. On occasion, the resulting diagnosis of the consultation visit is not considered by your insurance as an ophthalmic medical diagnosis. As a result, some insurance companies decline payment on the services rendered during the consultation visit.

As a courtesy to you, we will bill your insurance for this consultation visit. However, if your insurance does not cover this visit or any other services provided, you will be responsible for the unpaid fees on your account.

Thank you for your cooperation in this matter. Our staff will be happy to answer any questions you may have.

DISCLOSURE:

I understand the above statement and agree to be responsible for payment of these fees and any other non-covered services.
